## Welcome to the Mikkeli Region!

The Mikkeli Region has everything you need for a good holiday: thrills and fun, rest and relaxation, attractions for families, balm for the soul, and cultural refreshment.

The treasures of Finnish Lakeland, Saimaa and Puula-Kyyvesi, are sources of endless delight – as water in summer and ice and snow in winter.

The changing seasons are at their best in Finnish Lakeland. The summers are warm and beautiful, the winters snowy and crisp. The forests abound in berries and mushrooms in autumn, and the early spring is perfect for fishing through the ice.
